Join us as Piccadilly travels for the first time to the British Territory of Turks and Caicos and a new resort – Club Med! Discover all the island has to offer and experience all-inclusive pampering in paradise.

Come discover Club Med Turkoise, an adults-only, all-inclusive resort in beautiful Turks & Caicos. Nestled just SE of the Bahamas and named after the turquoise lagoon lapping gently alongside our beachside home, this chic resort sits on the perfect white sands of Grace Bay, named one of the 'Best Beaches in the World' by Trip Advisor. Unwind in our serene infinity pool or join the party in the lively Sharkies Bar. Explore the depths of the ocean at one of the world's top diving destinations, or sail away on turquoise waters. You can simply enjoy live music, fresh smoothies and cocktails right on the beach or walk on the white sand and look for dolphins at this dreamy Turks & Caicos resort.

Club Med Turkoise offers an international breakfast as well as a wide choice of local and international cuisine for lunch and dinner. Or discover Sharkies Grill & Beach Bar, open through the day and evening; it serves snacks such as tacos, burgers, and chips. Enjoy a refreshing drink at one of the many bars and lounges located on the property with a view of the ocean or all-day poolside.

Stay active with 25 included activities like kayaking, sailing, snorkeling, or even the flying trapeze! There are also 27 additional activities available at an additional charge such as fishing, scuba diving and golf. There is also a wide variety of daily and nightly entertainment. Adults can indulge at the spa\* or discover digi-esthétique®, an exclusive massage method offering a magical escape from everyday routine. Enjoy a unique relaxation experience with a treatment on one of the loveliest beaches in the world. Reawaken your senses beside the turquoise waters in the shade of your palapa combining wood and voile curtains.

Since this is an overseas British territory, English is spoken, and the U.S. dollar is used – so no worries about communication or changing currency!

Your Piccadilly trip includes airfare, ground transfers, luxury lodging, all tips, taxes and gratuities, all meals/beverages at the resort and Piccadilly-sized fun!
